

**MINTRAC**

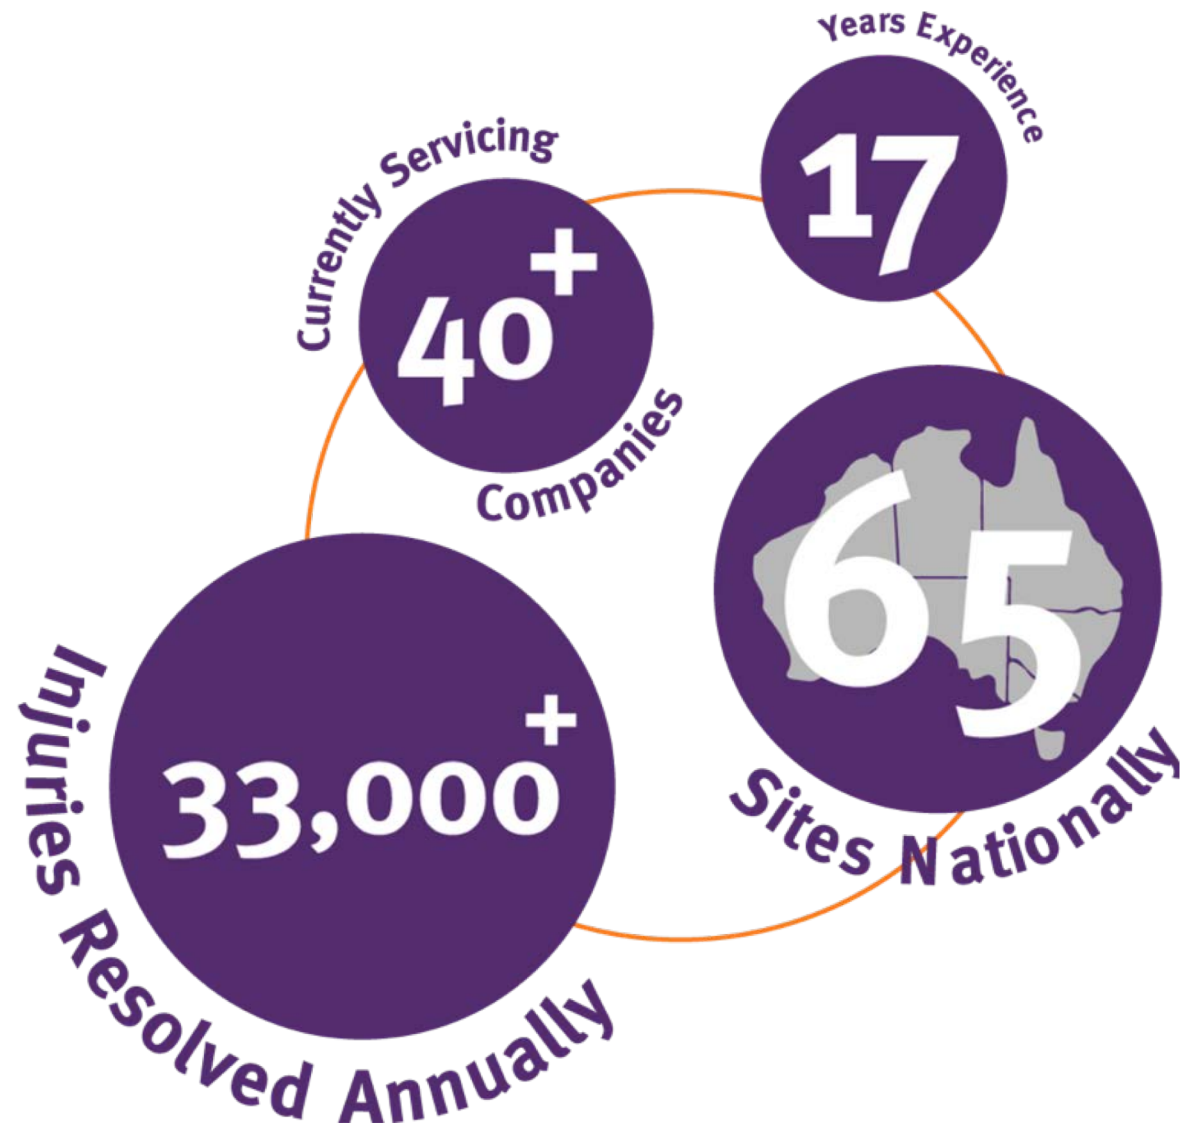

# ONSITE HEALTHCARE

**APRIL - 2018**

**CHRIS NOORDHOF**

**ONSITE HEALTH CONSULTANT**

Dr. James L Murray founded the company in 2000

A local abattoir referred staff to James' clinic for treatment for carpal tunnel, which he quickly treated and resolved

The owner of the abattoir invited James to treat his other employees onsite, and he was able to significantly reduce injuries for the company's workforce

Seeing that there was a demand for onsite injury management services, Work Healthy Australia (formerly Soft Tissue Centre) was born!

# WHAT MAKES US DIFFERENT

## 18 YEARS LATER...

Dozens of providers nation-wide

Over 33,000 injuries resolved each year

Serving a range of industries, including:

- Local councils
- Abattoirs
- Manufacturers

To help companies build **happy, healthy, productive workforces** that make their employees and bottom line happy
